

container have been tampered with, or when a material deficiency in the recorded quantity of such products is found without evidence of loss by leakage or casualty, or when there is a loss of proof of such products not attributable to variations in gauging, the proprietor shall segregate the container (as necessary) and shall promptly report such fact to the appropriate TTB officer, unless the proprietor acknowledges liability for the tax on the loss and elects to pay the tax on the quantity lost.

(d) *Excessive in-transit losses.* Losses of spirits, denatured spirits, or wines received in bond in bulk conveyances which exceed one percent of the quantity of a product consigned shall be considered as excessive in-transit losses. However, in the case of transcontinental transfers in bond of wine, only losses in excess of two percent of the quantity of wine consigned shall be considered as excessive in-transit losses. The proprietor shall promptly report all such excessive in-transit losses to the appropriate TTB officer.

(e) *Storage account loss limitation.* When the quantity of spirits lost from all the storage tanks and bulk conveyances exceeds 1½ percent of the total quantity contained in the tanks and bulk conveyances during the calendar quarter, the loss shall be taxpaid unless a claim for remission is filed in accordance with the provisions of § 19.41 and is allowed by the appropriate TTB officer.

§ 19.563 Loss of spirits from packages.

(a) *Original quantity.* Where there is evidence satisfactory to the appropriate TTB officer that any loss of spirits (including denatured spirits) from any package deposited on bonded premises is due to theft (except where the appropriate TTB officer has made the finding provided for in § 19.561(b)) or is due to unauthorized voluntary destruction, the appropriate TTB officer may require the immediate tax payment of the quantity of spirits so lost, except where the extent of any loss from causes other than theft or unauthorized voluntary destruction can be es-

tablished by the proprietor to the satisfaction of the appropriate TTB officer, the appropriate TTB officer may credit the tax on the loss so established against the tax on the original quantity.

(b) *Alternative method.* Where there is evidence satisfactory to the appropriate TTB officer that there has been access, other than as authorized by law, to the contents of packages entered for deposit on bonded premises, and the extent of such access is such as to evidence a lack of due diligence or a failure to employ necessary and effective controls on the part of the proprietor, the appropriate TTB officer may (in lieu of the procedure prescribed in paragraph (a) of this section) assess an amount equal to the tax on 5 proof gallons of spirits on each of the total number of such packages as determined by him.

(c) *Applicability to packages filled after entry.* The provisions of this section apply to spirits (including denatured spirits) which are filled into casks or packages as authorized by law, after entry and deposit on bonded premises, whether by recasking, filling from tanks, mingling, or otherwise. The quantity filled into those casks or packages is considered to be the original quantity for the purpose of this section in the case of loss from those casks or packages.
